

LANE FAMILY

Missionaries to The Dominican Republic

Acts 4:12

June/July 2023

Dear friends and fellowlaborers,

The last two months have been full of fruit. It is a joy to report that our cup is running over.

Salvations!

One of the greatest joys I have had in the last two months is seeing a young man named Darwin whom we have known for the last five years come to the altar and admit that he had been pretending to be a Christian. He told me he needed to be saved and began confessing his sin to Jesus. Tears streamed down his face as he confessed sin after sin and begged God's forgiveness.

Three of our other teenage boys; Capi, Anderson, and Engel also came forward this last month and were saved! I wish you could be here to hear the prayers of these little ones as they ask Jesus for forgiveness and salvation.

Baptisms!

On July 2nd we had we got the pool ready and Pastor Carlos and I baptized 8 people. Baptism is often the most complicated issue we deal with, as we work in a predominantly Catholic country. We praise God for these 8 victories!

Youth Camps

One part of our ministry here is helping host and facilitate youth camps. In June and July we had the privilege of hosting three youth camps. It is a lot of work but also a lot of fun. Between the three camps we had more than 100 teenagers here in Jarabacoa. We had the privilege of getting to witness three young people from

Iglesia Bautista El Faro accept Christ as their Savior. I also had the privilege of being able to preach to the youth group of Iglesia Bautista La Gracia about the Faithfulness of Christ during their camp.

VBS

Well it is summer and you all know what that means. It is VBS time! This year Teah and Melina Lane headed up the "Adventures with

Camels" VBS. We had 39 children between ages 4-11. It was great to see a

bunch of the young adults of the church step up and help with all the different aspects that go along with VBS.

Medical Team

At the end of June, we had the opportunity to host a medical clinic at Iglesia Bautista Agua Viva in coordination with Mission of Hope. Mission of Hope provided the medical team and medicine and we provided the facility and the patients. In two days, we were able to triage and treat 246 church members and people from the surrounding community for everything from Diabetes, High Blood Pressure, and Dehydration to Abscesses and Internal Infections. We praise the Great Physician for those who received treatment for their infirmities.
