Dear Ministry Partners,

One of my favorite things is being able to fellowship with our supporting pastors and prayer partners over the phone or via email. We are so grateful for all those who take the time to email, message, and call us every month to encourage and pray for us. It is a more of a blessing than we can communicate in words.

Field News

Despite Hurricane Elsa and the political unrest in Haiti, the Dominican Republic has remained safe and calm. We are saddened by the lives lost as a result of both events. It is a reminder that hell is a real place and the destination of all those who die without Christ.

Restrictions and curfews have been eased in most of the country and completely done away with in one province. Praise the Lord! Iglesia Bautista Agua Viva continues to grow despite Covid. They have been able to resume regular visitation and the youth group has had several first-time visitors since the

beginning of July! We are excited to get back soon.

Furlough News

At the end of June while preaching in Bowling Green, KY at Victory Baptist Church Gary walked the aisle mid-sermon and accepted Christ as his Savior!

It was amazing to see how visible the change was in his countenance. When he came into service, you could almost see the weight this man carried from a lifetime of sin, but when he got up off of his knees all he could do was smile and say "Praise God" with uplifted hands. He asks that all of you please pray for him as he begins his walk with God.

We have had 4 more churches partner with us since our last letter. Please pray with us as we begin to prayerfully make plans to return to the field by January 2022. We need a lot of things to fall into place in a short period of time, including more partners in the ministry, but we know He is able to do exceedingly and abundantly above what we could ask or think.

Your fellow-servants,
Josh and Teah
